Letter from Clima

Re: AMESA INTERIORS PTY LTD — ABN 29 682 112 625

This letter confirms that AMESA INTERIORS PTY LTD is actively engaged with Clima, an independent climate-tech and sustainability advisory firm, to progress their organisational climate strategy.

AMESA Interiors has commenced its decarbonisation journey and is currently completing a full organisational carbon footprint across Scope 1, Scope 2 and Scope 3 emissions using the Clima Platform. These calculations form the foundation for a structured and defensible approach to emissions measurement, reduction planning and transparent sustainability reporting.

Clima is supporting AMESA Interiors through:

- Detailed measurement of operational and value-chain greenhouse gas emissions
- Development of a formal emissions-reduction plan aligned with recognised standards
- Guidance on data management, assumptions and audit readiness
- Identification of high-integrity carbon offset and biodiversity projects to address residual emissions where appropriate

Through this work, AMESA INTERIORS PTY LTD (ABN 29 682 112 625) is demonstrating a clear commitment to credible climate action and is progressing towards achieving carbon neutrality in a transparent and responsible manner.

For further information or verification, please contact Clima at support@clima.com.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'BD Andrea', written over a light blue horizontal line.

Giulio D'Andrea
